## Work Experience

### Web Design Assistant – York Department of Design

Toronto, Ontario – October 2018 – Present

- Worked closely with the Department of Design to ensure design solutions matched their needs and will remain into the future
- Researched many web technologies settling on React, Gatsby, GraphQL, GitHub, Netlify, and NetlifyCMS for ease of use and adaptability
- Developed an effective UX and implemented results-driven update model

### Graphic Designer – Fife House Foundation

Toronto, Ontario – June 2018 – August 2018

- Produced their 2017-18 annual report requiring extensive communication with individual programs and their achievements through the year
- Redesigned website to match their current and future needs
- Produced collateral for their largest annual fundraiser, Shady Queens
- Assisted with any other needs including video, branding, UX, and more

### Delivery Agent – Canada Post

Toronto, Ontario – October 2014 – August 2015

- Quickly adapted to new roles while maintaining strict adherence to service quality standards and procedures
- Worked independently in a time-sensitive environment collecting, sorting and packing items for delivery
- Worked a variety of shift times extending up to twelve hours

### Monitoring Technician – Crowe Valley Conservation

Marmora, Ontario – May 2012 – June 2012

- Performed field stream analysis sampling in a team of two ensuring landowners were informed and familiar with the program
- Navigated to remote sites identified using GPS and GIS equipment
- Utilized specialized, portable devices that adhered to strict protocols ensuring consistency and efficacy across provincial results

## Education

### Bachelor of Design Degree

York University/Sheridan College, Sept 2017 – Present

### Bachelor of Science Degree in Honours Biology

University of Waterloo, Sept 2008 – June 2012
